

Indian Head Massage

Probably the *fastest-growing* therapy in the West!

If you've never experienced an Indian Head Massage, you don't know what you're missing! The 'melting' massage moves are applied to the scalp, neck, face, shoulders and upper back, but it's so relaxing, you'll think you've received an *all-over* massage. Great for stress relief, insomnia, headaches, muscle tension, fatigue, or just because you fancy a real treat.

A session can last between 10 and 30 minutes and cost between £10 and £25. We'll visit your office, or, you can relax in peace at the Oasis.

Book a course of treatments to receive the full therapeutic benefits, which include improved circulation, gentle detoxification, improved scalp and hair condition, complete relaxation together with a revitalising energy boost.

Let your stress melt away in the hands of one of our experts!
